- GPA sinker or an easy 'A'?
- Webassign can be tricky to use?
- No partial credit?

What have you heard about this course?

- Difficult?
- GPA sinker or an easy 'A'?
- Webassign can be tricky to use?
- No partial credit?
- Boring or Fun?

What have you heard about this course?

- Difficult?
- GPA sinker or an easy 'A'?
- Webassign can be tricky to use?
- No partial credit?
- Boring or Fun?

Perhaps this won't be the most interesting course you'll take this year, but it is *essential* for more advanced courses critical to your major.

Class info and etiquette

- You can call me Daniel, or Mr. Mckenzie, whichever you prefer.

Class info and etiquette

- You can call me Daniel, or Mr. Mckenzie, whichever you prefer.
- We meet MWF in this class from 9:05 to 9:55. Office hours TBA.

Class info and etiquette

- You can call me Daniel, or Mr. Mckenzie, whichever you prefer.
- We meet MWF in this class from 9:05 to 9:55. Office hours TBA.
- Attendance is required. If you have to miss class (for a **legitimate** reason) email me in advance. After three unexcused absences you will be withdrawn from the class.

Class info and etiquette

Goals of this course

We shall cover the following:

Goals of this course

We shall cover the following:

- Functions and inverse functions

Goals of this course

We shall cover the following:

- Functions and inverse functions
- Exponential and Logarithmic functions.

Goals of this course

We shall cover the following:

- Functions and inverse functions
- Exponential and Logarithmic functions.
- Trigonometry and applications.

Goals of this course

We shall cover the following:

- Functions and inverse functions
- Exponential and Logarithmic functions.
- Trigonometry and applications.

The goal is to be proficient with the above material, and proficient at using these techniques to solve problems.

Goals of this course

We shall cover the following:

- Functions and inverse functions
- Exponential and Logarithmic functions.
- Trigonometry and applications.

The goal is to be proficient with the above material, and proficient at using these techniques to solve problems.

Problem solving will be emphasized above rote learning.

Technology and this course

- Homework (and much more) will be done on Webassign. You need to purchase access to this, available at a reduced cost at `http://services.cengagebrain.com/course/site.html?id=1-22JK09T`http://services.cengagebrain.com/course/site.html?id=1-22JK09T

- See syllabus for grade lines.

Final Exam Grade Restriction

Your final grade cannot be more than one letter and a third grade higher than the grade on your final exam. For example, if your total score results in an A- but your final exam grade is a C, then your final grade will be a B+. Also, if your score on the final is a D you cannot be given a class grade greater than C+.

- Having any internet-capable device on you during testing is not allowed!
- You may receive assistance on homework and webquizzes as long as the answer you submit is your own calculation.
- Follow the instructions on in-class assignments. If it is an individual assignment do not look at your neighbours work!

Some Final comments

- I understand that you will have many other commitments this semester, and precalc might not be the most exciting one.

Some Final comments

- I understand that you will have many other commitments this semester, and precalc might not be the most exciting one.
- If you work consistently throughout the semester and make the most of in-class time, this class need not be too time-consuming or stressful!
